

From the Pastor's Desk

Can You Believe What I Found?

While preparing for discussions about the South Seattle Deanery Plan, I discovered an old envelope from the 50th anniversary of the parish. Do you remember the campaign theme? *Building for the future, the next 50 years*. I remember the great sacrifices made for the future of our community. I found myself being in grateful prayer for so many parishioners present and past who are still building a great future for OLG parish and school. Thank you for your faithful living and support for our parish.

Deanery Convocation

The pastoral planning process to help our Deanery prepare for new realities of available priests will be having a Convocation in early May. Our parish will have three delegates plus Helen Oesterle and myself. We will look at the results of a survey relating to the strengths of each parish and the challenges facing each community. Please pray for this process as it moves along.

Fr. Jack
